

Annual Wellness Program

All Sumner County employees and their spouses who participate in the county medical insurance program are required to complete an annual biometric screening. This can be accomplished by having a physical at a One to One Health clinic or at your physician's office between July 1, 2022 - September 30, 2022 or by attending an on-site HRA event August 15 - 19, 2022.

Please register on the wellness portal, www.sumnergov.wellright.com, by August 5, 2022, and designate which wellness option you plan to complete then follow the scheduling directions provided once the option is chosen.

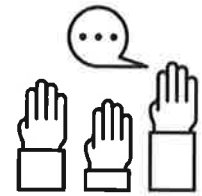

For additional information regarding scheduling, how to create a portal for your spouse, a list of on-site HRA event dates, or the 2023 biometric benchmarks, please see the attached flyers or view them on the wellness portal website.

As in previous years, if biometric benchmarks are not met, participants will be required to attend health coaching sessions which must be completed by March 31, 2023. Any employee or spouse who does not complete the required wellness program, including coaching sessions, will be considered non-compliant, and the employee and all dependents covered on their county insurance will be moved to the standard insurance plan beginning July 1, 2023. The standard insurance plan has higher deductibles, higher out of pocket expenses, and covers at a lower percentage than our preferred plan (for a complete list of differences between the insurance plans, you may visit the county website at www.sumnercountyttn.gov).

If you have trouble registering for the wellness portal, please contact the Sumner Health Wellness Center by calling (615)657-4930 or email support@121.health.

If you have any questions or if I can be of assistance, please feel free to contact me at (615)451-6049 or jwarren@sumnercountyttn.gov.
