Re: Bid#20230623-3 Fire Monitoring Inspection for Sumner County

To Whom It May Concern:

Thank you for your bid submittal. Sumner County Government has reviewed the bids received for the Fire Monitoring and Inspection for Sumner County. Sumner County approves Beacon Technologies as the successful bidder per the bidding documents for \$48,105. The County will issue a purchase order for this project. The Sumner County business license will need to be submitted prior to work starting, since business license expired in May.

A separate Purchase Order will be obtained for the inspection services for the past due inspections from previous vendor. The goal is to get those buildings inspected within the first month of services. Please provide a separate quote for those inspection services due.

Thank you for your interest and we look forward to working with your firm on this project.

Sincerely,

Kim Ark Norfleet  
Sumner County Grants Administrator
